## WORK EXPERIENCE

### Opticodes Pvt. Ltd.

Web Application Developer

May 2023 - Present

- Developed and maintained React components, adhering to best practices for modular, efficient, and scalable code.
- Effectively managed state and props to ensure a synchronized flow of information between application components.
- Utilized systematic debugging processes to identify and resolve bugs and issues, ensuring a smooth and error-free application.
- Collaborated with cross-functional teams using GitHub Desktop and TortoiseSVN for version control, branch management, and code reviews.

## EDUCATION

### Pranveer Singh Institute of Tecnology

Masters in Computer Application & Computer Applications - 8.67

Nov 2021 - Sep 2023

### Brahmanand Degree College

Bachelor of Science & Mathematics - 5.19

July 2017 - Oct 2020

## PROJECT

### Avinya ERP [🔗](#)

May 2023 - Fall 2025

- Improved application performance by employing techniques like lazy loading, memoization, and code splitting, reducing load times and enhancing user experience.
- Collaborated with teams using platforms like GitHub Desktop and TortoiseSVN for version control, branch management, and code reviews.
- Developed dynamic forms with validation using libraries like Formik and Yup.
- Integrated third-party libraries and tools such as Axios and Lodash to enhance application functionalities.

### Portfolio [🔗](#)

Sep 2024 - Nov 2024

Developed a dynamic and responsive portfolio application using **React.js**, showcasing professional projects, skills, and experience. Implemented a sleek and modern design with **Material-UI**, ensuring a seamless user experience across devices.

Key Features:

- **Navigation:** Utilized **React-Router** for smooth and intuitive navigation between sections, enhancing usability.
- **Contact Section:** Integrated **Email.js** for a functional contact form, allowing visitors to send emails directly from the app.
- **JavaScript Functionality:** Leveraged core **JavaScript** to implement interactive components and ensure optimal performance.
- **Responsive Design:** Designed to adapt to various screen sizes, offering a mobile-first approach.

## SKILLS

- **Frontend Technologies:** React.js, JavaScript (ES6+), Material-UI
- **State Management:** Redux
- **Form Handling & Validation:** Formik, Yup
- **Tools & Libraries:** GitHub Desktop, Tortoise SVN, React-Router, Email.js
- **Database:** PostgreSQL (Basic Knowledge)
- **Version Control:** Git, GitHub, Tortoise SVN
